Status Report

7. Were any scheduled tasks not started?	Yes	A complexity with the cost proposal evaluations has caused a delay of 6 weeks in the selection process. Intent to Award expected delayed from September 10, 2009 to October 22, 2009.	Development and submittal to DGS of Final Evaluation and Selection Report delayed pending needed clarifications from vendors.	SPR development in progress. Expect submittal to OCIO by mid November.
8. Are there any new major issues?	No			
9. Are there any staffing problems?	Yes	DGS post-RFP directive to provide M&O via civil servants.	CDE is seeking funding for 6 technical staff to provide M&O services for CALTIDES.	Include in upcoming SPR.

Look Ahead View

Questions	Yes/No	Impact	Action Required
Will upcoming critical path milestones or deliverables be delayed?	Yes	Minimum 1 year 8 month delay for Procurement Completion	Reevaluation of implementation schedule to business cycle
2. Do any key milestones or deliverables need to be rescheduled?	Yes	Minimum 1 year 8 month delay for all post procurement milestones	Reevaluation of implementation schedule to business cycle
3. Is there any unplanned work that needs to be done?	Yes	Risk Mitigation	As specified in the FSR, CALTIDES will automate the assignment monitoring (AM) process to approximately 80 percent. Currently AM is a local process conducted by county offices of education. In order to automate the process, a new standard business must be developed. Accordingly, the CDE engaged the Placer County Office of Education to review and analyze current local assignment monitoring processes and recommend a new AM process based on CALTIDES.

Current Status and Accomplishments:

Describe deliverables completed and milestones met during this reporting period.

Procurement Phase Activities are 87% complete. Cost proposals were opened on July 23, 2009. Cost Proposal Evaluation remains in progress.

Documentation of existing Business Process continues. Efforts are on track as planned.

Statewide Educator ID (SEID) Implementation is as previously reported - 86% complete. For the remaining 14%, half are due to needed conversion of lifetime credentials (expected completion date is 5/2010). The remaining 7% is due to districts that didn't report a SEID for various reasons. CDE and CTC currently researching and following up with LEAs/districts.

Lifetime Credential Conversion progress continues. Currently CTC is converting an average of 1,800 Credentials per month. There are approximately 10,000 records for which further information is needed. CTC is currently working with LEAs to resolve outstanding records associated with educator name changes. The CTC May 2010 projection for the completion of lifetime credential conversion remains unchanged.
